2022 GUIDELINES FOR OFFICIAL CHURCH CONFERENCE MINUTES

Official Church Conference minutes should be detailed enough, that by reading the business meeting minutes, a person would have details without having to read/have a Church Conference booklet.

Detail the information without referring to a Church Conference booklet.

MINUTES SHOULD BE ABLE TO STAND ALONE.

Take attendance and put the names in the minutes, OR attach the sign-in sheet to the completed minutes.

The official church minutes should reflect the church conference activities, as much as possible, if not a little more, so someone reading the minutes can get a taste of the reports and their details:

Reflect the election of the elected person to do minutes, (recording secretary name)

Reflect approval of previous year's Church Conference minutes. Note any changes and approval of edits.

Lay Leadership/Nominations Committee Report (approval and changes noted)

Membership report numbers should be reported and approved, the "numbers" LISTED of members (action on: new, removed, death, prayers for the deceased).

Detail the numbers of the clergy compensation approved for 2023 yr sheet (i.e. \$ salary, \$ continuing ed, \$ travel, \$ housing allowance, parsonage and if household furnishings \$ amount was approved), and any discussion and votes needed, results presented by the Staff/Pastor-Parish Committee

The recommendation and approval of the elected lay servants (names).

Elected candidates to ministry (new or to be continued names,
candidates for Ministry, Lay Servants, Certified Lay ministers }

Reflect a brief couple of sentences on the pastors s "State of the Church" report

Additional action items (prior approval required)

Reference general comments from the end of the CC, and how/when adjourned (i.e. prayer/song and time)

Recording Secretary should sign the last page of the minutes with name and title.
