

Dear Current and New Heritage District Finance Folks,

Thank you to the Heritage District churches that have faithfully paid Heritage District ministry shares. The ministry shares have helped provide grants and financial assistance to several churches in our district. Churches have been able to improve technology, purchase sound equipment and computers, provide food and school supplies to children, support youth mission work, offer free Lay Servant Ministry courses and much more. We are thankful to the churches for their commitment to make disciples for Jesus Christ.
