- ◇ ***We're Serving Dinner Where?*** with **Rev. Jackie Raineri**
Discerning how and where to start something new takes time and prayer. During this workshop, we will discuss how to start a Dinner Church in your context and how to look outside your church building for a location. We will also take time to hear your ideas and share tips on how to start something new at your church.
- ◇ ***Who are the people in your neighborhood? - How to Use MissionInsite*** with **Rev. Jon Reynolds**
With the help of MissionInsite, learn the basics of finding out who lives around your church and what they are interested in. Technology does not have to be scary, and it can be quite helpful to your ministry. We will discuss getting into MissionInsite, what to look for, and how to interpret the information. Do you know who the people are in your neighborhood?
- ◇ ***Hello Neighbor! - Creating Community Connections*** with **Rev. Matt West**
This session is all about practical tips and real stories to help your church be connected and supportive to your community. We'll talk about how to reach out and create stronger connections to those in the wider community around you. Are you ready to spend more
